A different kind of Molitoff Cocktail by the Jolly Roger

Here is how you do it:

- Get a coke bottle & fill it with gasoline about half full

- Cram a piece of cloth into the neck of it nice and tight

- Get a chlorine tablet and stuff it in there. You are going to have to force it because the tablets are bigger than the opening of the bottle.

- Now find a suitable victim and wing it in their direction. When it hits the pavement or any surface hard enough to break it, and the chlorine and gasoline mix..... BOOM!!!!!!
Have fun! -Exodus-
